

Request for Applications: Mentor Fellows

The Mentor Fellows internship program is an activity of the Mentor-Connect: Leadership Development and Outreach for ATE project. The Mentor Fellows internship prepares new Mentors to help new-to-ATE college faculty learn to develop competitive ATE grant proposals and grow as leaders. Mentor Fellows also support a purposeful turnover of Mentors over time. Previous Mentors transition to become special-purpose Mentors for other aspects of mentoring within the Mentor-Connect project. Mentor Fellows facilitates the involvement of more members of the ATE Community, promotes an infusion of new ideas, and engages new talent in this important work.

Those selected as Mentor Fellows have experience working within the NSF ATE community of programs and projects. At least three to five years of involvement with an ATE center or project(s) is considered minimum experience.

- Compensation: Fellows receive a stipend of \$1,500 plus travel support to attend two Mentor-Connect workshops.
- Commitment: Participation in Mentor shadowing, Winter and Summer Workshop (TBD), bi-monthly Mentor Interviews, technical assistance webinars, and study of Mentor-Connect resources, the NSF ATE proposal solicitation, and components of the PAPPG.
- Internship Duration: nine to twelve months

All applicants should be currently, or very recently have been, involved with the NSF ATE community. Endorsers can be from the same institution as the nominee. Members of the Mentor-Connect project team and/or selection team are not eligible to serve as endorsers.

The application should be accompanied by letters from those very familiar with the applicant's work. Reference letters and the applicant statement should specifically outline characteristics that make the applicant a good fit for this work, the applicant's interest in becoming a Mentor-Connect Mentor, and the applicant's accomplishments with an emphasis on ATE Program involvement and grant experience.

How to Apply:

1). Mentor Fellows Application Components

- Completed Mentor Fellows Part 1 Application Form
- Applicant's résumé
- Recommendation/reference letters from at least two ATE PIs or Co-PIs familiar with the applicant and his or her work

2). Application Deadline and Process

Deadline: To apply to be a Mentor Fellow, submit completed application package (Part 1 and Part 2) by 11:59 p.m. EST, September 30, 2022.

Application Process:

Part 1: Complete and submit online application.

Part 2: Upload and submit supporting documents, résumé, and recommendation/reference letters from at least two ATE PIs or Co-PIs familiar with the applicant and his or her work.
